

# PAUL L. GERHARDT PH.D.

Helping Organizations Create Places Where People Like to Work, Productivity is Enhanced, and Profits are Maximized

## BIOGRAPHY:

Paul Gerhardt, "The Organizational Doctor"™ is an expert in the field of personal and organizational effectiveness. He writes and speaks on the topics of leadership, self-mastery, change, team building, diversity, management, and other related personal and organizational growth topics. Dr. Gerhardt is well-known for being able to capture people's attention, while motivating them to think deeper about what being a leader is and how to be more effective at it.

Paul Gerhardt is the managing editor of LeadershipSuccess® Productions at "The LeadershipLab"™ and director of his own private organizational development and effectiveness consultancy and training company. He holds a Ph.D. in Organization and Management; a Master's Degree in Organizational Leadership; and an MBA in Management. He also teaches leadership, management, and technical abilities to college students

in specialized programs.

Dr. Gerhardt empowers people with education and training employing fascinating facts combined with a dynamic and enjoyable speaking style that keeps people on their toes and continually growing.

Paul specializes in customized assessment, support, workshops, system analysis, 360 feedback evaluations, customized training and development programs; as well as team building, personal coaching, and motivational speaking. Paul's goal is to build and maintain high performance systems and teams enriched with trust, respect, and support. Client confidentiality is guaranteed confidential.

*"My personal mission is to help individuals and organizations maximize their potential. I am dedicated to developing high performance systems and teams enriched with trust, respect, and support. I am committed to working with you to define the results you need."*
